

Art at Hackwood Primary Academy

Intent

Through our Art curriculum at Hackwood, we aim to foster **enjoyment** and appreciation of the visual arts and develop a knowledge of significant artists, craftspeople and designers. Throughout their school life at Hackwood, pupils will embed a wider understanding of subject specific vocabulary and the progression of **skills** from EYFS to Upper KS2. Staff will enable all pupils to observe and record from first-hand experience and from **imagination**. Children will acquire knowledge and become proficient in various art and design technique by **investigating** the effect of different tools and resources. All children will begin to develop an awareness of the visual and tactile elements including: colour, pattern and texture, line and tone, shape, form and space.
